JOE JOHNSTON and JOHN GOODE are Virginians. They have served the Commonwealth and country for many years-Johnston, now an old man, ever since he was a boy, and Goode for more than thirty years. Who in Virginia can be induced to believe for one moment that either of these gentlemen has soiled his hands and seared his conscience by being a party to a crimi-

mercenary, he might during his long service in Congress before and since the war have filled his pockets with gold. and become as rich as JOHN SHERMAN, who went into Congress about the same time Mr. GOODE did, and is now a millionaire. But the fact is that Mr. GOODE is poorer to-day than when he first became a member of the House of Representatives—so poor that he, qualified and worthy to be a member of the Cabinet, was glad to accept the office of Solicitor-General. The people of Virginia will see to it that he shall be vindicated at home, whatever

And gallant JOE JOHNSTON! What shall we say of that distinguished Virginian?-nay, American? Ask the erratic General SHERMAN-ask any old officer of the United States armyask anybody who ever knew him. Why, the man who should offer him a bribe in any shape he would blast with his scorn. He is not "a scurvy politician" who "seems to see things he sces not," and fails to see the things before his eyes. To charge him with JOHNSTON is preposterously incredi-

In fact, it is doing almost a wrong to admit even by implication that they need any vindication at the hands of either the House of Representatives or of their fellow-Virginians. They are above the clouds of calumny. Eternal sunshine settles on their head."

EVOLUTION.-No subject more interesting than that of the doctrine of evolution has now a place in the finds of thinking people. Our neighbor the Central Presbuterian champions the cause of what we consider thodoxy. It has again and again hown or attempted to show that the loctrine of evolution is totally inconsistent with the doctrines of the Prespect, therefore, that the Central Presbyterion will next week, or soon, speak to its readers touching an article in the Southern Churchman of this week,

In one breath the Globe-Democrat de clares that its party (the Republican party) is national and in the next endeavors to make a simple act of justice to a brave man the occasion for stirring up sectional feeling. Could anything be more inconsistent and despicable than the course of our St. Louis con-

temporary? Mr. MILLS, of Texas, a member o the Ways and Means Committee, and an avowed advocate of free trade, recently said :

"I approve some portions of Mr. Randall's bill as far as they go, but I object most decidedly to a large part of it. Especially obnoxious to me is its principal feature—the abolition of the tax on tobacco."

Mr. MILLS is a southern man, but seems to have no sympathy with old Virginia. However, as we have heretofore said, there is but little reason to hope for the abolition of the tax on tobacco at any early day. The use of tobacco and the use of spirituous liquors are equally sins in the opinion of a good many men, especially in the North.

The Wheeling Register explains that, hough Congressmen GIBSON, SNYDER, and WILSON voted for considering the MORRISON bill, not one of them is in favor of it as it was introduced, but felt confident that if it were brought up for discussion it would be so modified by amendments that it would be favorable to the interests of their constitu-

It must be conceded by all that the tariff cannot be revised unless a bill concerning it be before Congress. Certainly the present tariff needs revision.

> West Point Cadetship. HOUSE OF REPRESENTATIVES,

To the Editor of the Dispatch :

I have been invited by the Secretary of War to nominate a legally-qualified candidate (vice Wirt Robinson, who is to graduate in June, 1887,) for appointment as cadet to the United States Military Academy, at West Point, from the Third congressional district, of Vir-ginia, who must present himself at West Point not later than the 15th day of June, 1887.
I propose to select the candidate by

competitive examination, and request you to give notice in your columns of this fact, so that all may have a fair opportunity to compete for this appointment. The competitive examination will be held in the city of Richmond, on Wednesday, the 4th day of August, 1886. All applications for permission to appear before the board of examiners must be addressed to me before that

The examining board will consist of a physician, a professor in one of our colleges, and one of the teachers of the High School in Richmond. The examination will embrace arithmetic, grammar, geography, history, reading, and

writing.
All candidates must be bona-fide residents of the Third congressional district of Virginia. No others will be admitted. The age for admission of cadets to the Military Academy is between seventeen and twenty-two years. Candidates must be at least five feet in height, free from infectious or immoral disorder, and, generally, from any deformity, disease, or infirmity which may render them unfit for military service. They must be well versed in reading, in writing (including orthography), in arithmetic, and have a knowledge of the elements of English grammar, of descriptive geography (particularly of our own country), and of the history of the United States.

Respectfully, GEORGE D. WISE.

A Washington dispatch appeared on the first page of Mr. Cyrus W. Field's paper yesterday which will be found in another column. It states that "Mr. Blaine's friend, Mr. H. C. Parsons," has been advocating before the House Judiciary Committee a scheme " for the United States to free Virginia from the load of debt falling upon her by the separation of West Virginia." It points out that "Mr. Blaine in his book, came out boldly and ad-vocated the payment of this vast debt by the General Government," and it adds: "If Mr. Blaine and Mr. Parsons could get that bill through Virginia's twenty-four votes in the next National Convention would be Mr. Blaine's. It appears to have dawned on the mind of Mr. Field's editor rather suddenly that this candid explanation of the motive of the bill referred to would not aid to "get it through" a Democratic House or even through a Republicao Senate in which so many of Mr. Blaine's rivals have votes, and the dispatch was in a later edition buried in the still-deeper obscurity of an inside

A PERFECT SPRING MEDICINE.

SUPERB FLESH-PRODUCER AND TONIC HEAR THE WITNESSES! TEN TO TWENTY POUNDS.

I am sixty-eight years of age, and regard GUINN'S PIONEER a fine tonic for the feeble. By its use my strength has been restored and my weight increased ten pounds.

A. F. G. CAMPBELL, Cotton-Gin Maker. MACON, GA., February 18, 1886. A Crippled Confederate Says:

I only weighed 128 pounds when I commenced GUINN'S PIONEER, and now weigh 147 pounds. I could hardly walk with a stick to support me, and can now walk long distances without help. Its benefit to me is beyond calculation. D. RUFUS BOSTICK, Cotton-Bayer, Macon, Ga. Mr. A. H. Bramblett, Hardware Merchant of Forsyth, Ga., Writes:

It acted like a charm on my general nealth. I consider it a fine tonic. I weight more than I have for twenty-five years. Respectfully, A. H. BRAMBLETT. Mr. W. F. Jones, Macon, Says: My wife has regained her strength and increased ten pounds in weight. We recommend GUINN'S PIONEER as the best tonic. W. F. JONES.

Dr. G. W. Belbridge, of Atlanta, t.a., Writes of Guinn's Ploneer: Br. G. W. Beibridge, of Allanta, t.a. Writes of Guinn's Pioneer:
GUINN'S PIONEER BLOOD RENEWER has been used for years with unpiece,
dented success. It is entirely vegetable and does the system no harm. It improves the
appetite, digestion, and blood-making, stimulating, invigorating, and toning up alline functions and tissues of the system, and thus becomes the great blood-renewer

Dr. Moore Often Prescribes It With Satisfactory Results. Macon Medicine Company: I take pleasure in giving my opinion in regard to the BLOOD PUBLIFIER prepared by you. I have prescribed it often in obstinate skin diseases, especially of Syphilitic origin, and can say that its use has proved entirely satisfactory.

JOHN L. MOORE, M. D., Griffin, Ga.

Wonderful Cures of Blood and Skin Diseases. Macon Medicine Company: You ask me what I think of GUINN'S PIONEER-BLOOD RENEWER as a Blood Medicine. I will state that I have seen some very wonderful cures from the effects of it in skin diseases and blood diseases. It is withut a doubt the BEST BLOOD MEDICINE before the country. JAMES A. ROSE, Williamsville, Pike county,

A Man of Grief, Like Lazarus!

HIS RELIEF AND JOY. The doctorsays: When Mr. James Edwards, of Senola. Ga., began to take "GUINN'S-PIONEER BLOOD RENEWER" I saw him. He was covered, body and extremities, with a characteristic syphilitic cruption that seemed to have balled all treatment. I saw him the second time in about ten days, when he was so changed in appearance by lawing the scales removed and the cruptions healed that I barely knew him, and in a remarkably short time he was relieved of all appearance of the disease.
